Subject: Battery Condition Monitoring Meeting - February 16, 2001

Cc:

Bcc:

Attached:

As announced last week, the meeting of the Battery Condition Monitoring (BCM) workgroup, which was originally scheduled for February 15th, has been rescheduled for **Friday, February 16th, from 10:00 a.m. until 12:00 noon** (United States Eastern Standard Time).

Because of the change in date, the **NetMeting name has been changed to "BatteryMonitorFeb16"**. The rest of the information concerning the voice line is the same:

Meeting Date: Friday, Feb. 16, 2001

Meeting Time: 10:00am ---- 12:00pm (US Eastern Time)

The lines have been reserved from 9:40am for connections.

Telephone Connection:

Dial-in Number for the United States Participants: (800)447-7138

Dial-in Number for International Participants: (630)424-2077

Passcode: 6027328

NetMeeting Connection:

- 1) Launch NetMeeting
- 2) Click "Call" and select "New Call..."
- 3) Fill in "To:" item with: www.public-data.ford.com, then click "Call" button
- 4) If presented with a list of conferences, select "BatteryMonitorFeb16"
- 5) When prompted for a password, enter "condition"

The agenda will include the following items:

- Tom Dougherty will propose standard techniques for measurement and application of the battery parameters. We will also consider if there is agreement on this list of parameters.
- Tom Keim will present the proposed BCM Workgroup Statement-of-Objective
