Subject: 42V VEI Meeting on October 4th - Agenda and Dial-in Information

The next virtual meeting of the 42V VEI group will be held on Wednesday, October 4th, from 10:00 a.m. until 12:00 noon (U.S. Eastern Daylight Time). Here is the agenda:

1. Update on conversion of Statement model to code  
(Henry Huang, Ford; Andreas Loewel, DaimlerChrysler; and Peter Miller, Motorola)
2. Status report on energy transfer test data project (Paul Nicastrì, Ford)
3. Update on battery connection systems (Norm Traub, Delphi)

Please let me know if there are any other topics to be added to the agenda.

Regards,  
Gary
